

Android Mobile App for ADVOCATE DIARY

A mobile App named “ADVOCATE DIARY” developed by NIC Allahabad High Court Unit was launched by Hon’ble the Chief Justice in the presence of Hon’ble Prime Minister Mr. Narendra Modi and Chief Justice of India at the closing ceremony of Sesquicentennial Celebration of Allahabad High Court on 2nd April 2017 along with launch of FREE Wi-Fi facility in the High Court Campus.

The Mobile app has been designed to facilitate the learned counsels about the listing details of their cases. They can view date wise list of all of their cases. List of cases for a particular date can also be seen if the date is fed in the App. The serial number of case in the cause list will also be displayed if the cause list for that particular date is already prepared. This App will work like their Advocate Diary.

They can also see the list of cases which are to be listed next day in the court along with court nos. and their listing serial numbers. Information about the next day listed cases is being sent by SMS also using NIC SMS Gateway, but with this app they will be able to see all the details regarding cases like party names, last order details and last listing date with court no. etc.
